I.I.S.

PIS180

Application

- A complete monitoring system for cameras and lighting.
- Specially designed for easy monitoring and recording during inspection using Ahlberg color and tube cameras.

Benefits

- Complete monitoring system for inspection cameras and lighting
- External lighting output (2 channels)
- Mirror inverter function
- High resolution 15" TFT-monitor
- Keyboard output
- Microphone for audio input
- DVR for digital recording (option)
- Video overlay card for monitor text input (option)
- Encoder input (option)

Dimensions:

- Width: 19.7"
- Height: 7.9"
- Depth: 15.7"
- Weight: 42 lbs

Technical Data

Operating temperature	32 to 122°F
Humidity	95% non-condensing
Housing material	Plastic and Aluminum
Power supply	230V/50-60 Hz, 100v/50-60 Hz, 115V/50-60 Hz
Lighting Power Supply	2 x 18V DC 4A. 2 channels separately regulated
Control cards	Voltage Adjust, Power Control, Pan Control, Tilt Control,
Option	Video Overlay Card
Line Standard	PAL or NTSC
